ANNEXURE - II & III

A committee comprising of following officials under the chairmanship of Secretary, SAI has been constituted for revision of tariffs for non-sports and Sports booking:

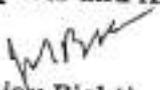

(i)	Sh. Vishnu Kant Tiwari, Secretary, SAI	-	Chairman
(ii)	Sh. Matadin Asiwai, Director (Finance)	-	Member
(iii)	Sh. Atul Kumar Singh, Administrator, IGSC	-	Member
(iv)	Sh. S. C. Yadav, Administrator, JNS	-	Member
(v)	Sh. K. C. Meena, Administrator, Dr. KSSR	-	Member
(vi)	Sh. Dilip Singh, Administrator, MDCNS	-	Member
(vii)	Sh. Sanjay Bisht, Administrator, Dr. SPMSPC	-	Member

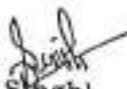

In view of the evolving market dynamics and the increasing demand for premium sports infrastructure and open spaces, a meeting of the Committee was convened on 26.03.2025 to review the existing tariff structure for booking various spaces across SAI Stadia. The Committee noted that the last revision of the tariff was undertaken in 2016. Considering that more than nine years have since elapsed, and that both demand patterns and prevailing market rates for comparable facilities have significantly changed during this period, the necessity to revise and rationalize the tariff structure became evident.

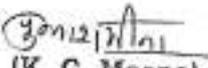

Subsequently, a follow-up meeting of the Committee was held on 21.04.2025 in the Chamber of the Secretary, SAI, wherein a comprehensive assessment of the existing tariff regime was undertaken. The Committee, after carefully evaluating all the prospects recommended the revised tariff based on following factors:

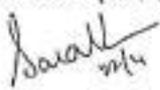

1. Nearly 9 years have been passed, as the last revision of tariff were held in 2016.
2. Stadiums' geographical location, socio-economic profile of the surrounding area, patterns of space utilization, inputs received from stadium administrators, availability and quality of supporting facilities, scope for enhanced footfall.
3. Prevailing Market Benchmarks: Considering the tariffs of nearby locations like, Siri fort, Talkatora Stadium, ITPO Pragati Maidan.

Based on this detailed deliberation, the Committee recommended a revised tariff structure that incorporates necessary amendments to better reflect current market realities while ensuring that the rates remain reasonable, equitable, and conducive to wider public utilization of SAI's premier sporting infrastructure. Copy of revised tariffs is enclosed as Annexure-I for Sports and Annexure-II for non-sports.

GENERAL TERMS AND CONDITIONS FOR BOOKING OF SAI STADIA AND OTHER PREMISES FOR SPORTING EVENTS

These Terms and Conditions govern the booking and use of stadia and other premises under the Sports Authority of India (SAI) for sporting events. All bookings and usage are subject to these Terms and Conditions, which are binding on the event organizer.

1. Security Deposit:

- a) For bookings up to 1 day, Security Deposit amount shall be equivalent to 1 day tariff of the respective space.
 - b) For booking of space > 1 day and up to 7 days, Security Deposit shall be equivalent to 2 days tariff of the respective space.
 - c) For booking of space > 7 days, Security Deposit shall be equivalent to 3 days tariff of the respective space.
 - d) Security deposit (refundable-provided no damages reported/outstanding dues/items and conditions). SAI reserves the right to forfeit the security Deposit amount partially or fully at its sole and absolute discretion, without need to provide justification or prior notice, in case of the breach of the terms and conditions under which the premises were handed over.
 - e) The security deposit is not intended to serve as a limit of liability and shall not prejudice SAI's right to recover damages or dues exceeding the deposit.
2. Upon request from agency and subject to availability, the requested facilities may be handed over 8 hours prior to the scheduled time and 8 hours after the scheduled time on chargeable basis i.e., @ 40% of the per day tariff. In case, the premises is required more than 8 hours prior or after to the scheduled time, full day rental shall be charged.
 3. All the tariffs are excluding GST and other taxes. GST and all other taxes as applicable shall be charged.
 4. The standard operational timings for use of the premises shall be from 00:00 hrs to 24:00 hrs (i.e., midnight to midnight of the same calendar day). The Organizer is required to vacate the premises strictly within the allocated booking period. In the event of any delay in vacating the premises beyond the approved booking time, the Organizer shall be liable to pay an additional charge equivalent to one full day's rental, irrespective of the actual duration of the delay. Furthermore, any such delay shall constitute a material breach of the terms and conditions of booking. SAI reserves the right to take strict action including forfeiture of security deposit, blacklisting/debaring the Organizer, and/or initiating legal proceedings for unauthorized occupation or recovery of losses.
 5. Booking will be confirmed only after receipt of Processing fee and full booking amount in advance is deposited by the organizer through online mode. In case the full amount is not paid by the organizer in advance, the same venue can be booked for another organizer who pays the full amount.
 6. No sub-letting will be permitted.
 7. The organizers must abide by the terms and conditions prescribed by SAI for the activity undertaken meticulously. The event organizer shall also be liable for any tax/fin/penalty etc. in case of any violation of Terms and Conditions.

8. In case the event organizer is not able to use the space allotted due to non-production of required license/NOC/statutory approval or failure of electricity due to fire/strike/earthquake/flood or an act of God/war, SAI shall not be held liable for any consequences, damages, refund or any other losses etc.
9. The event organizer shall solely be responsible for the behavior of its staff/vendors/agencies/guests etc. within the stadium premises. The event organizer shall be liable for any liabilities arising on account of breach/violation/misconduct/negligence/nuisance etc. caused by its staff/vendors/agencies/guests etc. and shall indemnify SAI for the same.
10. In the case of any important and urgent programme as notified by the Government of India or its agencies, SAI reserves the right to cancel the booking without any prior notice. The decision of SAI in this regard shall be final and binding on the event organizer and SAI shall not be liable for any damages/loss incurred by the party/organization due to the same.
11. SAI reserves the right to change the Terms and Conditions without any prior notice to the event organizer. The event organizer must agree to these amended/revised Terms and Conditions with respect to the Venue booking approved by SAI.
12. The event organizer shall undertake not to use the Venue for any other purpose other than those for which the booking has been confirmed by SAI.
13. The event organizer shall nominate a nodal person to act as Single Point of Contact (SPOC) for communication/liaison with SAI for the event at least one week prior from the scheduled date of booking (or at the time of booking, if the scheduled date of event is less than 7 days from the date of booking). Any communication carried out with the said nodal person shall be deemed to be a valid and sufficient communication with the event organizer as a whole.
14. The Event Organizer expressly acknowledges and agrees that the event being conducted at the venue is not sponsored, affiliated with, or endorsed by SAI in any manner. The Organizer shall ensure that no representation, direct or implied, is made suggesting SAI's endorsement, support, or involvement in the event. Any such misrepresentation shall constitute a material breach, entitling SAI to cancel the booking without refund and initiate appropriate legal action.
15. The event organizer shall be allowed to use only the booked spaces of the stadium. In case the event organizer is required to utilize any other additional space, the same shall be done only with the prior approval of SAI.
16. No temporary structure would be created in the stadium premises, including grounds/field of play (court) without prior permission and approval of the Stadium Administrator. No digging is allowed.
17. Only removable markings/lapels on the grounds/field of play (court) are permissible with the approval of the concerned Administrator.
18. The Organizer shall be solely and fully responsible for any accident, injury, mishap, or loss of life occurring during the course of the event or booking period, including during setup and dismantling. SAI shall bear no liability whatsoever for any such incidents, whether involving participants, staff, vendors, guests, or third parties. The Organizer shall ensure adequate insurance coverage, medical preparedness, and safety measures, and shall indemnify and hold harmless SAI from all related claims, damages, or proceedings.
19. During booking period, cleaning and scavenging of areas booked/being utilized, will be the responsibility of the organizer and the same will be handed over to SAI in a neat and clean state after the program. The organizers will ensure that the venue shall be maintained clean during and after the event. In case it is not found clean at the time of vacating the premises, SAI will get the complex cleaned by the cleaning agency deployed by SAI and charge penalty @ 10% of the per rental charge for the area or Rs. 20,000, whichever is higher. Further, failure in handing over the space in a cleaned condition after the event shall constitute a breach, granting SAI the discretion to act against the organizer, including blacklisting, debarring them from future event bookings with SAI, and/or forfeiture of partial or full security deposit amount.
20. No eatable can be served in the main arena (FOP & the seating area). Only pre-cooked / packaged food/snacks can be served in the catering point inside the built-up area of the stadium. Use of open/ gas cooking may be allowed only in non-built-up and non-green areas which will be specially

identified for the purpose by Stadia Administrator. It will be the responsibility of the organizer to ensure that any caudles brought inside the stadium complex are free from risks which affect the Health, Safety, Security, etc.,

- 21. No pets are permitted inside the Complex.
- 22. Smoking and drinking are strictly prohibited within the stadium premises, and it will be the responsibility of organizer to ensure compliance. Failure on part of event organizer to enforce this rule will attract a minimum penalty of Rs.5, 000/- which would be deducted from the Security Deposit. However, serving of liquor will be permissible by the organizer only upon getting the permissions from the authorities, as applicable and the same can be served only in area designated by the organizer and approved by the Administrator for commercial sports events and non-sports events.
- 23. The event organizer must ensure that participants/delegates are confined to the venues booked for them for meeting/catering arrangements.
- 24. The event organizer must ensure that any adjacent events being held in the other area in the stadium are not hindered by their events.
- 25. The organizer of any event must comply with the municipal and other by-laws, rules & regulations. No event will be allowed to take place without NOCs/licenses from

- (i) Delhi Police
- (ii) Traffic Police
- (iii) Delhi Fire Service
- (iv) Excise Department, or any other department as required by law,
- (v) MCD health department NOC for serving food and
- (vi) Copyright License viz. PPL, JPRS, NOVAX and any other permissions as applicable

A copy of all the applicable licenses shall be submitted to SAI by the event organizer well in time.

It is the responsibility of the agency to get all the requisite license for the event well in advance and in case of request for cancellation on account of non-issuance of licenses/ NOC from any department, the cancellation charges shall be applicable as per clause 39 below. Submission of forged or invalid licenses/NOCs shall be treated as criminal breach and SAI reserves the right to initiate legal action including informing local authorities.

It is further significant to highlight that the Organizer shall be solely responsible for any copyright claims and shall indemnify SAI for any third-party infringement claims including those under the Copyright Act, 1957, Trade Marks Act, 1999, and related IP laws. SAI shall not be liable for any third-party intellectual property claims arising out of the Event.

Note: Full or partial waiver of Cancellation charges shall be dealt on case-to-case basis and the same may be fully or partially waived at the discretion of the competent authority of SAI.

- 26. The organizer of the event shall get the stadium insured for the period of the booking. The insurance should cover complete stadium premises and the public. The value of such insurance cover will be informed by the Stadia Administrator.
- 27. It will be responsibility of the Organizer to arrange for crowd control, ushering and fire control during the event.
- 28. Medical facility for any contingency must be ensured by the organizer. This should include Medical Kit, First Aid-Box, qualified personnel and ambulance. These arrangements should be in place during the period of booking.

Subject: Request for Installation of Uniform Track Surfaces in Competition and Warm-Up Areas

Dear Madam,

We are writing to bring to your attention a critical requirement for enhancing the infrastructure for Indian athletics, specifically track and field events. According to the **World Para Athletics (WPA)** guidelines, it is imperative that the surfaces of the competition and warm-up tracks are uniform to ensure fair competition and optimal performance.

In this context, we propose the installation of Mondo tracks in both the competition and warm-up areas. Mondo tracks are globally recognised as the premier surface for track and field events, having been used in prestigious events such as the Olympic Games, Paralympic Games, and World Championships.

Many of our top athletes have also requested this track, as it will be used in the LA 2028 Paralympic Games. A Mondo track not only enhances performance by providing better speed and traction but is also the approved surface for the LA 2028 Paralympic Games. Installing such a track would align our infrastructure with global standards, ensuring our athletes are well-prepared for future international competitions.

As India aspires to establish itself as a leading sporting nation, it is essential to provide world-class infrastructure that aligns with international standards. Installing Mondo tracks will not only elevate the standards of training and competition for our athletes but also enhance India's reputation as a host for elite international sporting events.

We kindly seek your support and intervention to facilitate the installation of uniform Mondo tracks in the competition and warm-up areas. This initiative will significantly contribute to the development of Indian athletics and align with our shared vision of achieving excellence in sports.

Thank you for your attention to this important matter. We look forward to your positive response.

For and on behalf of PCI

Jayawant G H
Secretary General, PCI

Dear Madam,

Further to our previous request, we seek your urgent intervention in installing **Mondo tracks** in both competition and warm-up areas for the **New Delhi 2025 World Para Athletics Championship**.

As a **World Para Athletics (WPA) regulation**, uniform track surfaces are essential for fair competition. Mondo tracks, used in the **Olympics, Paralympics, and World Championships**, offer superior speed, traction, and safety. With **LA 2028 Paralympic Games** also featuring Mondo tracks, this installation will prepare our athletes for global success while ensuring a world-class championship in India.

We appreciate your support in expediting this crucial upgrade and look forward to your response.

Thanking You

Subject: Request for Installation of Uniform Track Surfaces in Competition and Warm-Up Areas

Dear Madam,

We are writing to bring to your attention a critical requirement for enhancing the infrastructure for Indian athletics, specifically track and field events. According to the **World Para Athletics (WPA) guidelines**, it is imperative that the surfaces of the competition and warm-up tracks are uniform to ensure fair competition and optimal performance.

In this context, we propose the installation of Mondo tracks in both the competition and warm-up areas. Mondo tracks are globally recognised as the premier surface for track and field events, having been used in prestigious events such as the Olympic Games, Paralympic Games, and World Championships.

Many of our top athletes have also requested this track, as it will be used in the LA 2028 Paralympic Games. A Mondo track not only enhances performance by providing better speed and traction but is also the approved surface for the LA 2028 Paralympic Games. Installing such a track would align our infrastructure with global standards, ensuring our athletes are well-prepared for future international competitions.

As India aspires to establish itself as a leading sporting nation, it is essential to provide world-class infrastructure that aligns with international standards. Installing Mondo tracks will not only elevate the standards of training and competition for our athletes but also enhance India's reputation as a host for elite international sporting events.

We kindly seek your support and intervention to facilitate the installation of uniform Mondo tracks in the competition and warm-up areas. This initiative will significantly contribute to the development of Indian athletics and align with our shared vision of achieving excellence in sports.

Thank you for your attention to this important matter. We look forward to your positive response.

Date 21.03.2025

A special technical monitoring committee was held under the chairmanship of Regional Director (NRC Sonapat) at Jawaharlal Nehru Stadium New Delhi on 21.03.2025 and attended by the following officials as under:

1. Dr. Shivam Sharma, RD (NRC sonapat)
2. Sh. A. Saravanabavan, Director Finance
3. Dr. S.C Yadav, Administrator, JNS
4. Sh. Stanley Jones, Representative (AFI) (Treasurer)
5. Sh. Satyapal Singh, Chief Coach (PCI)
6. Sh. Rajesh Kumar, Chief Engineer, WAPCOS
7. Sh. Nidhin Jose (DD Infra) (joined on phone)
8. Sh. Shashwat Jha (AD Infra)
9. Sh. Harshkant Kulsheshtha, JC Infra (JNS)

Discussion Points

Project Progress Review

The chairperson initiated the meeting by reviewing the progress of the project. The Chief Engineer of WAPCOS reported that the physical progress stands at 95%. However, major repair to address settlement issues alongside the tunnel approved as additional work, which is pending. Only minor repairs were done making the track in utilizable conditions.

Proposal for Underground Tunnel Removal

Member AFI suggested that the underground tunnel, around which the settlement is occurring, should be completely removed. In response, WAPCOS indicated that this process would require additional time and relaying of the track, making it a significant undertaking.

Recommendation for Track Replacement

Chief Coach of PCI informed the committee that a site visit had already been conducted. Based on observations, PCI recommended that to meet international standards for the World Para Championship which is scheduled for September 28, 2025, the track in the main arena must be replaced. PCI also prefers that MONDO track may be preferred while relaying as it is widely used for international competitions. The existing full PUR track with necessary repair could not meet the standards for hosting international event. Representative of AFI also submitted that the settlement issues need correction and the track need to be replaced for hosting competitions for international standards.

Most of the major scope of work has been completed, with remaining task being the repair of non-play area only. However this work could not be undertaken due to non finalization of repair budget by Committee. During this period, track initially settled at one location in non-playing area along the tunnel in rainy seasons and this settlement gradually extended in the playing area. Subsequently, after per discussion with SAI, repair work was done. However, further settlement was observed at several other locations.

Concerns Regarding Track Handover and Completion

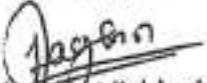

The chairperson pointed out that the **current track has not yet been handed over to SAI**, as the work of repair of settlements remains incomplete. The Chief Engineer of WAPCOS responded that the **work can be foreclosed**, as the necessary corrections—including the removal of the track and rectification of the settlement—**cannot be completed within the required timeline**. It was however pointed out by the PCI that the repaired track may not also be in utility for hosting the para world championship as it won't meet the standards. Hence the additional work may be dropped.

Decisions

After deliberation, the committee members agreed on the following:

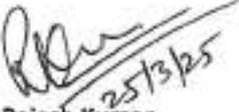

1. The work may be foreclosed with the approval of competent authority, if the track needs to be relayed to meet the standards for hosting World para athletics championship and hence the bill of WAPCOS may be settled on the expenditure incurred for scope of work already undertaken.
2. M/s WAPCOS may formally handover the site to SAI.
3. The issue of rectification of settlement in the track could be addressed in the relaying project of track for hosting the World Para Championship.

The Meeting ended with vote of thanks to the chair.

Name of work: Re-Laying of Main Arena Synthetic Athletic "MONDO TRACK EJ" approved by "World Athletics" and Certified Class-I at JLN Stadium, Lodhi Road, New Delhi during 2024-25.

The preliminary estimate framed by Mr. Vikas Nigam, Assistant Engineer-V, S.J.H.D and further processed by Mr. Rajeshwar Prasad, Executive Engineer, SJHD for an amount of Rs. 24,25,04,580/- including ESI & EPF @ 3.94% and contingencies @ 3%.

HISTORY

This preliminary estimate amounting to Rs. 24,25,04,580/- (Rupees Twenty Four Crore Twenty Five Lakh Four Thousand and Five Hundred Eighty Only) including contingencies @ 3% has been framed for A/A & E/S of the Competent authority for the above mentioned work. On 10 the January 2025, a meeting was convened under the chairmanship of Secretary SAI to discuss the Main Arena Synthetic Track work for hosting the World Para Athletic Championship. During the meeting in this connection, attended by the Deputy Director (SAI Infra Division) and along with the Superintending Engineer, DC-X, CPWD, Executive Engineer and Assistant Engineer for both Civil and Electrical works (CPWD), it was requested by SAI for replacement/upgradation of synthetic track (playing & non-playing area) in Main Arena for upcoming World Para Athletic Championship and including a technical solution for addressing settlement issues on the track on both sides of the underground tunnel (Minutes of Meeting enclosed). In view of same, it is proposed that the track should be re-laid afresh and repaired for settlement on both sides of the underground tunnel in preparation for the upcoming events. The requisition has been received from SAI HQ vide letter No. SAI/SA/JNS/TRACK/2024-25/131 dated 10.03.2025 (Copy Enclosed) wherein SAI has requested to take up the work on top priority being emergent in nature. This preliminary estimate is submitted for accord of A/A & E/S from the competent authority as mentioned above.

The cost and time of the project is liable to revision due to probable escalation in cost of construction apart from reasons such as change in scope, area, design and specifications etc. if so desired by the client at a later date.
The PE submitted by CPWD is valid upto one year from the date of submission of PE.

"Obligations of the Client Department"

1. After receipt of A/A & E/S from the client department, the CPWD will prepare and submit various detailed architectural drawings and service plans to Local Bodies (including Environmental clearance) whose approvals are required before taking up the construction work. These Local Bodies are independent organizations and CPWD has no control over them. The time required to get such approvals is not included in the time of construction indicated in the estimate. Although CPWD will make all efforts to get such approvals early, it may be necessary for the client department also to pursue with Local Bodies for early approval.
2. CPWD does not bind itself to complete the work within the estimated cost. Necessary revised estimate will be submitted when scope of work is increased/changed or there is deviation in quantities executed.
3. Any dispute arising out of the operation of the contract(s) for the subject work will be subject to arbitration as provided for in the contract agreement. CPWD will defend the arbitration proceedings as best as it can and get the Arbitrator's award examined by the appropriate authority. The decision of the competent authority in CPWD to accept the award or to challenge the same in a Court of Law will be binding on the client department.
4. The CPWD has no funds of its own for investing in the work. The client department should, therefore, ensure that adequate funds are available with CPWD for executing the work. In case the client department fails to provide funds as per requirements, it may be necessary for CPWD to suspend/ abandon the work. In such eventuality, the client department shall be solely responsible for all the consequences arising out of such stoppage/abandonment of work including claims of contractors for compensation/ damages. If additional funds are required, the same will have to be provided by the client department on the Revised Estimates submitted by CPWD.
5. Funds for making payment of all amounts which may be decreed by a Court of Law, Tribunal or by award of an Arbitrator in relation to the work will be made available by the client department promptly irrespective of it not being a party before the Court, Tribunal or Arbitrator. Such payments will be in addition to the payments made to the contractors for execution of work.
6. The client department will help CPWD in -
 - (a) Providing site for labour huts for the contractor's labour free of cost,
 - (b) Providing free access to contractor's materials and labour to the site of work,
 - (c) Providing electricity connection for execution of work on payment of usual charges, and
 - (d) Sanction and release of load from the concerned Electricity Board/Authority.
7. The PE includes the provision "In the event of delay in taking over completed Project or completed components of the Project independently as per phasing mutually agreed with client without awaiting the completion of the entire project, charges on security, re-finishing and re-commissioning, conservancy charges etc is borne by the client.

DESIGN & SCOPE:- Keeping in view the above mentioned requirements, the following provisions have been made in this estimate.

NAME OF WORK:-

Name of work: **Re-laying of Warmup Area "Mondo" Synthetic Track as per "World Athletics" for Class-I Athletics Fields including Fencing Work, Fitness Centre, Tensile Fabric Structure and Jogging Track around Warmup Area at JLN Stadium, Lodhi Road, New Delhi.**

The preliminary estimate framed by Er. Rajeshwar Prasad, Executive Engineer, S.J.H.D and further processed by Er. Kapil Dev Nanyam, Superintending Engineer, DC-10, R.K. Puram, New Delhi for an amount of Rs. 28,19,84,180/- including ESI & EPF @ 3.94% and contingencies @ 3%.

HISTORY

This preliminary estimate amounting to Rs. 28,19,84,180/- (Rupees Twenty Eight Crore Nineteen Lakh Eighty Four Thousand and One Hundred Eighty Only) including ESI & EPF @ 3.94% and contingencies @ 3% has been framed for A/A & E/S of the Competent authority for the above mentioned work. On 27th January 2025, a meeting was convened under the chairmanship of Secretary SAI to discuss the Warmup Area Synthetic Track work for hosting the World Para Athletic Championship. During the meeting in this connection, attended by the Deputy Director (SAI Infra Division), Administrator JNS and CPWD Officials, it was requested by SAI for replacement/upgradation of synthetic track (playing & non-playing area) in Warmup Area for upcoming World Para Athletic Championship and including fencing and Jogging Track along peripheral of Warmup Area, Fitness Centre Hall of size 40x20 mtr and Male & Female Washrooms of size 10x5 mtr each as suggested by SAI. The requisition has been received from SAI HQ vide letter No. SAI/SA/JNS/TRACK/2024-25/131 dated 10.03.2025 (Copy Enclosed) wherein SAI has requested to take up the work on top priority being emergent in nature. This preliminary estimate is submitted for accord of A/A & E/S from the competent authority as mentioned above. The cost and time of the project is liable to revision due to probable escalation in cost of construction apart from reasons such as change in scope, area, design and specifications etc. if so desired by the client at a later date.

The PE submitted by CPWD is valid upto one year from the date of submission of PE.

"Obligations of the Client Department"

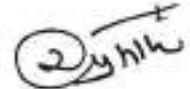

1. After receipt of A/A & E/S from the client department, the CPWD will prepare and submit various detailed architectural drawings and service plans to Local Bodies (including Environmental clearance) whose approvals are required before taking up the construction work. These Local Bodies are independent organizations and CPWD has no control over them. The time required to get such approvals is not included in the time of construction indicated in the estimate. Although CPWD will make all efforts to get such approvals early, it may be necessary for the client department also to pursue with Local Bodies for early approval.
2. CPWD does not bind itself to complete the work within the estimated cost. Necessary revised estimate will be submitted when scope of work is increased/changed or there is deviation in quantities executed.
3. Any dispute arising out of the operation of the contract(s) for the subject work will be subject to arbitration as provided for in the contract agreement. CPWD will defend the arbitration proceedings as best as it can and get the Arbitrator's award examined by the appropriate authority. The decision of the competent authority in CPWD to accept the award or to challenge the same in a Court of Law will be binding on the client department.
4. The CPWD has no funds of its own for investing in the work. The client department should, therefore, ensure that adequate funds are available with CPWD for executing the work. In case the client department fails to provide funds as per requirements, it may be necessary for CPWD to suspend/ abandon the work. In such eventuality, the client department shall be solely responsible for all the consequences arising out of such stoppage/abandonment of work including claims of contractors for compensation/ damages. If additional funds are required, the same will have to be provided by the client department on the Revised Estimates submitted by CPWD.
5. Funds for making payment of all amounts which may be decreed by a Court of Law, Tribunal or by award of an Arbitrator in relation to the work will be made available by the client department promptly irrespective of it not being a party before the Court, Tribunal or Arbitrator. Such payments will be in addition to the payments made to the contractors for execution of work.
6. The client department will help CPWD in -
 - (a) Providing site for labour huts for the contractor's labour free of cost,
 - (b) Providing free access to contractor's materials and labour to the site of work,
 - (c) Providing electricity connection for execution of work on payment of usual charges, and
 - (d) Sanction and release of load from the concerned Electricity Board/Authority.
7. The PE includes the provision "In the event of delay in taking over completed Project or completed components of the Project independently as per phasing mutually agreed with client without awaiting the completion of the entire project, charges on security, re-finishing and re-commissioning, conservancy charges etc is borne by the client.

DESIGN & SCOPE:- Keeping in view the above mentioned requirements, the following provisions have been made in this estimate.

Re-laying of W
Fields incl...
arn...

1. Removal of Existing old Synthetic Athletic Track.
2. Scraping of bituminous concrete surface up to the depth (25-30mm) thick.
3. Providing and applying tack coat.
4. Providing and laying Bituminous concrete 30 mm thick.
5. Providing and laying World Athletics Approved Synthetic Athletics Track MONDO Track E1.
6. Providing and fixing of "WA" approved track field equipment.
7. Provision of Fencing Work (G.I. Chain Link) along peripheral of Warmup Area.
8. Provision of Fitness Centre of size 40x20 Mtr i/c male and female washroom.
9. Provision of Jogging Synthetic PU Track along peripheral of Warmup Area.
10. Provision of Tensile Fabric Structure over seating area.

Specifications	:	C.P.W.D Specifications 2019 Vol. - I & II with upto date correction slips and WA Specifications for Athletics Track Class-1 and field equipment.
Rate	:	DSR 2023 with upto date correction slips, PAR 2023 and Market Rate.

13	Providing and laying Bituminous concrete using crushed stone aggregates of specified grading, premixed with bituminous binder and filler, transporting the hot mix to work site by tippers, laying with paver finisher equipped with electronic sensor to the required grade, level and alignment and rolling with smooth wheeled, vibratory and tandem rollers to achieve the desired compaction and density as per specification, complete and as per directions of Engineer-in-Charge					16.57
13.1	30 mm compacted thickness with bitumen of grade VG-30 @ 5.5% (percentage by weight of total mix) and lime filler @ 3% (percentage by weight of Aggregate) prepared in Batch Type Hot Mix Plant of 100-120 TPH capacity.	330.00	cum	12126.20	40,01,646.00	16.57.1
14	Taking out existing CC interlocking paver blocks from footpath/ central verge, including removal of rubbish etc., disposal of unserviceable material to the dumping ground, for which payment shall be made separately and stacking of serviceable material within 50 metre lead as per direction of Engineer-in-Charge	400.00	Sqm	131.75	52,700.00	16.83

15	Laying old cement concrete interlocking paver blocks of any design/ shape laid in required line, level, curvature, colour and pattern over and including 50 mm thick compacted bed of coarse sand, filling the joints with fine sand etc. all complete as per the direction of Engineer-in-charge. (Old CC' paver blocks shall be supplied by the department free of cost).	250.00	Sqm	402.95	1,00,738.00	16.84
16	Providing and laying factory made chamfered edge Cement Concrete paver blocks in footpath, parks, lawns, drive ways or light traffic parking etc, of required strength, thickness & size/ shape, made by table vibratory method using PU mould, laid in required colour & pattern over 50 mm thick compacted bed of sand, compacting and proper embedding/laying of inter locking paver blocks into the sand bedding layer through vibratory compaction by using plate vibrator, filling the joints with sand and cutting of paver blocks as per required size and pattern, finishing and sweeping extra sand, complete all as per direction of Engineer-in-Charge.				-	16.91
16.1	80 mm thick C.C. paver block of M-35 grade with approved colour design and patterns.	400.00	Sqm	1,091.50	4,36,600.00	16.91.2
17	Providing and fixing double glazed hermetically sealed glazing in aluminium windows, ventilators and partition etc. with 6 mm thick clear float glass both side, having 12 mm air gap, including providing EPDM gasket, perforated aluminium spacers, desiccants, sealant (Both primary and secondary sealant) etc. as per specifications, drawings and direction of Engineer-in-charge complete.	120.00	Sqm	4,997.70	5,99,724.00	21.10
18	Providing and supplying aluminium extruded tubular and other aluminium sections as per the architectural drawings and approved shop drawings, the aluminium quality as per grade 6063 T5 or T6 as per BS 1474, including super durable powder coating of 60-80 microns conforming to AAMA 2604 of required colour and shade as approved by the Engineer-in-Charge. (The item includes cost of material such as cleats, sleeves, screws etc. necessary for fabrication of extruded aluminium frame work. Nothing extra shall be paid on this account). The weight of aluminium extruded section shall be taken for purpose of payment.	2800.00	Kg	414.30	11,60,040.00	25.1
19	Designing, fabricating, testing, installing and fixing in position Curtain Wall with Aluminium Composite Panel Cladding, with open grooves for linear as well as curvilinear portions of the building, for all heights and all levels etc. including:				-	8.32
1a)	Structural analysis & design and preparation of shop drawings for pressure equalisation or rain screen principle as required, proper drainage of water to make it watertight including checking of all the structural and functional design.				-	

Removal of quantity within the work.

(b)	Providing, fabricating and supplying and fixing panels of aluminium composite panel cladding in pan shape in metallic colour of approved shades made out of 4 mm thick aluminium composite panel material consisting of 3 mm thick FR grade mineral core sandwiched between two Aluminium sheets (each 0.5 mm thick). The aluminium composite panel cladding sheet shall be coil coated, with Kynar 500 based PVDF /Lumiflon based fluoropolymer resin coating of approved colour and shade on face # 1 and polymer (Service) coating on face # 2 as specified using stainless steel screws, nuts, bolts, washers, cleats, weather silicone sealant, batten rods etc.				
(c)	The fastening brackets of Aluminium alloy 6005 T5 / MS with Hot Dip Galvanised with serrations and serrated washers to arrest the wind load movement, fasteners, SS 316 Pins and anchor bolts of approved make in SS 316, Nylon separators to prevent bi-metallic contacts all complete required to perform as per specification and drawing. The item includes cost of all material & labour component, the cost of all mock ups at site, cost of all samples of the individual components for testing in an approved laboratory, field tests on the assembled working curtain wall with aluminium composite panel cladding, cleaning and protection of the curtain wall with aluminium composite panel cladding till the handing over of the building for occupation. Base frame work for ACP cladding is payable under the relevant aluminium items. The Contractor shall provide curtain wall with aluminium composite panel cladding, having all the performance characteristics all complete, as per the Architectural drawings, as per item description, as specified, as per the approved shop drawings and as directed by the Engineer-in-Charge. However, for the purpose of payment, only the actual area on the external face of the curtain wall with Aluminium Composite Panel Cladding (including width of groove) shall be measured in sqm. up to two decimal places.	560.00	Sqm	5,015.05	28,08,428.00
20	Providing & fixing in position Phenol bonded Bamboo wood wall cladding at all height with planks of sizes 10 mm thick, minimum 1800 mm length and minimum 100 mm wide, in approved colour, texture and finish, having Performance Appraisal Certificate (PAC) issued by Building Materials & Technology Promotion Council (BMTPC), with necessary profiled edges fixed with 40 mm SS screws 5 nos in each tile to frame work made of second class teak wood of size 20x15 mm in centre of each tile and bottom and top of work height, 40x15 mm placed at ends of each tile. The cladding shall be laid over backlayment of 1.00 mm thick expanded polyethylene foam of density 40 kg/cum in two layers, first layer on wall surface before fixing wooden frame and second layer on frame under cladding. The bamboo wood planks shall have minimum density of 1000 Kg/cum & minimum Hardness 1000 Kgf. with Eco friendly UV coating, all complete as per direction of the Engineer in-charge.	280.00	Sqm	6,283.85	17,59,478.00

28	<p>Providing & fixing of Vertical Linear Baffle Ceiling or equivalent as per direction of engineer in charge made out of 0.6mm thick Aluminum. The baffle blade shall be in size of 50x30 & center to center gap between 55mm. The baffle blade shall be suspended using Slotted L-profile at on-center spacing in multiples of 25mm. Longer lengths of Baffle to be connected by Baffle Joiner and the ends to be fixed with End caps. Installation of L-Grid: The L-profile to be suspended at every 1200mm on-center using 6mm threaded rod from the structural soffit using U-profile hanger. U-profile splice to be used to join more than one L-profiles of length 3.75M. 1st L-Grid Channel must be no more than 400mm from the perimeter. Installation of Baffles: Locate the slot for Baffle Hangers in L-Profile section at 1200mm centers. Hangers are inserted into the slot, and then inserted in the provision in the Al baffle. Two baffle hangers are required one on Each side of the L-profile to hold the Al baffle in its place. Each Hanger to be secured into position by inserting the Locking Clip. When doing continuous installation, Baffles blades are to be connected at ends with Baffle Joiner, which are inserted into the top and bottom slots of the Baffle closed profile for alignment only. The bottom Joiner to be located first and fastened on one side only. The top Joiner to be fitted then and secured with grub screws on one side. Then the two Baffle sections shall be joined and the top Joiner is screw fastened on the</p>					
	<p>2nd Baffle profile. End Caps to be located by pushing the End Cap tongues into open Baffle slots. A primary grid of perforated L- Angle in 30x30x1.2mm thick galvanized steel known as U1040 is installed perpendicularly to hook on profiles at maximum centers at 1200mm. The entire ceiling shall be suspended with M6 threaded rod using Hilti M6 fastener with minimum load of at least 0.5kn per anchor. The suspension system shall be as per manufacturer specification .</p>					
28.1	<p>The panels shall include the site cutting / making openings for services e.g. lights for information boards, smoke detectors, speakers, diffusers, grills etc. Measurement to be done on edge to edge basis without any deductions for AC grills or any other services integrated within the false ceilings. Sub: Request for Revision and Submission of Estimates for Relaying of Athletic Track – JLN Stadium

Respected Sir,

With reference to the World Para Athletics Championship 2025, scheduled to be held at JLN Stadium, it is imperative to ensure that the Main Arena Athletic Track and the Warm-up Area are in optimal condition for the event. In this regard, you are requested to:

1. Revise the estimate for the relaying of the tracks with Full PUR (Polyurethane).
2. Submit a separate fresh estimate for the relaying of the tracks with option of MONDO.

Considering the importance of the event, an early submission of the required estimates will facilitate timely approvals and execution of the work. Your prompt action in this matter would be highly appreciated.
